

# Composition

```
function doubleSay(str) {  
    return str + ', ' + str;  
}  
function capitalize(str) {  
    return str[0].toUpperCase() + str.slice(1);  
}  
function exclaim(str) {  
    return str + '!';  
}
```

# Composition

```
const result = exclaim(capitalize(doubleSay('hello')));
```

```
result //=> 'Hello, hello!'
```
